Subject: length over score search 10/006,911

Hi David,

I need a length over score nucleotide sequence search on nucleotides 1345 to 1474 of SEQ ID NO:3 in the above entitled case. I need the lower and upper limits to be 8 and 50, respectively, I need those hits complementary to the 70% level, and please transfer as many hits into the excel program as possible. If you have a system for searching the interference databases please do.

Thanks,
Doug Schultz
